Section TWO

## INDEX TO VOLUME 30

July Through December 1955

As you know, items in *QUOTE*, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of *QUOTE*, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Ability-6-1;" tells you that an item on Ability will be found in the sixth issue of *QUOTE* under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "Advertising-18-IB;" indicates that an item on Advertising appears in the column *In Brief* in issue number 18. The reference to "Age-12-MM;" means that an item on that subject appears in the feature *Mining the Magazines* in issue 12. The reference to "Armed Forces-19-f;" means that an item on that subject will be found in the regular *Good Stories* section of issue 19 under index letter f.

Quotations in the section *May We Quote You On That?* are also numbered consecutively. In the index, a reference such as "Atomic Age-16-5Q;" refers to a quotation on that subject in the 16th issue, numbered five in the *May We Quote . . .* section. When the Q is followed by the letter W, as under "Communism-11-Q-W;" a reference is made to the special "Quote of the Week" appearing in *May We Quote . . .* section. When the letter t follows the Q, as in the reference "Art-1-3Q-t;" it indicates the special *Quote-ette* feature in issue one. A complete list of department abbreviations appears below:
